

Overnight traffic delays on I-15 beginning this Friday

Motorists can expect overnight delays on I-15 near the **Rose Road Interchange (Exit 98)** beginning **Friday, Dec. 7** and continuing into next week.

What to expect:

- Crews will be moving large concrete structures into the median.
- Southbound travelers can expect **15-minute delays** while the sections are moved.
- A message board will alert drivers of traffic conditions.
- **Please use caution** when traveling through the area.

The project includes:

- Widening the Rose Road overpass over I-15.
- Increasing the height of the overpass to current standards.
- Reconfiguring and enhancing on- and off-ramps.
- Replacing two canal structures with one new structure south of Rose Road to support current traffic loads.
- Improving signage and irrigation.
